

A close-up, slightly blurred photograph of a person sitting in a chair. They are wearing a brown herringbone-patterned jacket over a dark red shirt. Their hands are holding a clear glass filled with whisky. The background is out of focus, showing a wooden chair and a yellow cushion. The overall mood is sophisticated and relaxed.

THE STORY

In a remarkable development, our brewery, with its proud 600-year-old legacy of classic beer brewing, has embarked on a whisky development journey that would honor the rich history and reflect the essence of the centuries-old traditions of distilling spirits.

Three exceptional whisky brands were born, each with its own captivating story.

Lochaber Axe captures the rugged beauty of the viking's life, with deep flavours that whisper of misty warriors and towering mountains. Inlander pays homage to the resilient spirit of the lakes, weaving a tale of gentle rolling hills, lush meadows, and the whispering rivers that have witnessed the passing of centuries. The Old Lord stands tall as a tribute to the venerable Scottish nobility, offering a taste that mirrors the distinguished heritage of ancient castles, with layers of complexity and sophistication.

Welcome to a whisky experience like no other, where history is reborn and legends are forged.
